

BOTANY NATURE WALK IN BRIDLE TRAILS STATE PARK

Plant Diversity in Lowland Puget Sound Forests

Saturday, May 25

Join botanist Clay Antieau, president of the Washington Native Plant Society, for a nature walk in the park. Learn about the plants in the park from a popular field trip leader and local authority. Learn how to identify plants and discuss problems that urban forests face with invasive species. Possibly see some rare species.

When: 9:00 a.m. – noon on **Saturday, May 25.**

Where: **Bridle Trails State Park.** 5300 116th Ave NE, Kirkland, WA 98033. We will meet in the parking lot near the main entrance to the park. A [Discover Pass](#) is needed to park in the lot.

Preparation: Wear footwear and clothing appropriate for the weather.

The nature walk will be limited to about 20 people. **Please sign up in advance.** To sign up, please contact Jim Erckmann at: programs@bridletrails.org or (425) 827-6595. More info at www.bridletrails.org.
